

Dharshika D S

✉ dsdharshika5@gmail.com | 📞 9655994255 | [in dharshika](#) | [G dharshika](#)

Focused **AI & Data Science** undergraduate with hands-on experience in **AI , DS , ML & full-stack projects**, seeking real-world learning and growth opportunities.

EDUCATION

- KIT – Kalaighnar Karunanidhi Institute of Technology, Coiminator	2024 – 2027
B.Tech Artificial Intelligence and Data Science, Pre-Final year	Current CGPA: 8.35/10.0
Coursework: Object Oriented Programming, Computer Networks, Operating Systems, Database Management Systems	
- 12 th : GHSS Marthandam	2022-2023
Course: Bio-Maths	Score: 511 Percentage: 85%
- 10 th : Amsi High School	2020-2021 ALL PASS

EXPERIENCE

Web Development Intern, LearnLogicify Technologies Coimbatore, India (offline) - Link	June 2025
- Built responsive web features using HTML, CSS, JavaScript, and backend logic for functional applications. - Collaborated with the team to develop, test, and improve project-based features following standard workflows.	
AI & Machine Learning – Implant Training CodeBind Technologies (offline) - Link	
- Developed Python-based machine learning models using real-world datasets for predictive analysis. - Handled data preprocessing, visualization, and basic model evaluation to assess performance effectively.	
	Dec 2024

PROJECTS

CareerBoost AI React, FastAPI, MongoDB, Machine Learning, Python,Agentic AI	DEMO LINK GITHUB LINK Mar 2025
- Developed an AI-driven career platform enabling skill-gap analysis using ML models, ATS-based resume scoring, and personalized career roadmaps across 218+ roles with real-time, actionable feedback. - Designed a responsive React.js frontend using modern CSS Grid and Flexbox to deliver an intuitive dashboard experience with smooth Framer Motion animations and consistent user interface across all devices and screen sizes.	
INTELLBEE React, Flask, Google Gemini, JWT	DEMO LINK GITHUB LINK Dec 2025
- Designed and developed INTELLBEE, a full-stack multilingual AI chatbot platform powered by Google Gemini, focused on seamless voice-enabled communication across Tamil, English, and Hindi languages. - Implemented interactive voice processing with real-time speech-to-text/text-to-speech, multimodal capabilities (image/audio analysis), conversation history management, and secure JWT-based user authentication system.	
SAFEVISION Python, OpenCV, YOLO, Streamlit, FastAPI, SQLite	DEMO LINK GITHUB LINK Dec 2025
- Designed and developed SAFEVISION, a comprehensive real-time computer vision system combining crowd analytics with traffic safety monitoring, powered by YOLO object detection and ByteTrack tracking algorithms for public safety. - Implemented advanced multi-object detection and tracking with real-time helmet violation detection, crowd density analysis, zone-based monitoring, rider-to-bike association logic, and automated evidence capture with SQLite database logging and PDF report generation.	

TECHNICAL SKILLS

Programming: Python, JAVA, DSA, OOPS,SQL
Web: HTML, CSS, JS, React.js ,Mern Stack
Tools : Tableau, MySQL, LLM
AI&DS : RAG , Agentic AI, ML-DS Frameworks
Tools & Platform: Git, GitHub, VS Code ,Docker

CERTIFICATIONS & COURSES

AWS Certfication - Cloud Foundations -[Link](#)
Infosys Springboard - Python & Java Foundation -[Link](#)
Cisco Networking - Python Essential 1 & 2 -[Link](#)
Juniper Networks – Cloud /Mist AI (JNCIA) - [Link](#)
Coursera - Foundations of DSA(5 courses) -[Link](#)

COMPETITIVE PROGRAMMING

Leetcode : Max rating - **1670** | Solved problems: **200+** | Top **28%** globally | Badges : **50 and 100 Days Streak**
Codechef : Max rating - **1521** |Position :**2 Star** | Problems :**250+** | Badges : **Contest Contender & Problem Solver – Gold Badge**
Codeforces : Max rating - **1166**| Solved problems: **50+**

ACHIEVEMENTS

Innovators Conclave 2025 – BITS Pilani, Hyderabad : Presented a real-world solution at a national-level innovation event.
Competed in a Women’s Hackathon, emphasizing innovation and collaborative problem-solving under time constraints.
Achieved the Champion Badge on Salesforce Trailhead (AgentBlazer), demonstrating strong automation skills.
Junior Mentorship & Technical Training: Guided juniors by teaching project tools and development workflows.
